SphinnCon to Sponsor networking event in Israel

Date

February 5, 2008

Time

Noon to 6pm

Location

Jerusalem College of Technology
(21 HaVaad Haleumi St, Givat Mordechai, Jerusalem

Sphinn is excited that our first Sphinncon networking event will come to Israel on February 5, 2008. SphinnCon Israel is a half-day event focused on search and internet marketing, allowing participants the chance to learn from some panel presentations and network with each other. Sphinn is a social site for search and interactive marketers. It's designed to allow you to share and discover news stories, read and take part in discussions, discover events of interest and network with others.
